

**Colour Studios Ltd – Environmental Policy**  
**Also incorporating recyclable-displays.com**

Where practicably possible, Colour Studios objective is to constantly maintain operational standards supporting the protection of the environment. The company is committed to ensuring that its operations seriously consider the possible impacts on the environment and to this end the business is managed and operated in an environmentally sensitive manner.

Environmental issues are considered through the use of our resources, energy and disposal of waste.

The company is committed to the proper monitoring of waste, the reduction of pollution, compliance with legislation and relevant training of staff.

The management team endeavour to promote an awareness of eco friendliness in all staff as part of good management practice.

As a team we jointly commit to seek new operational methods or ways of saving waste to improve environmental conditions.
